

**de Castro Decl. Ex. G**

# Omnibus Public Transport Protocols/Guidelines covering Road Transport, Aviation, Maritime, and Railways sectors

# AVIATION

The following flights are **allowed** to operate for areas under GCQ:

- 1) Government and military flights;
- 2) International flights subject to existing IATF-EID/BOQ protocols;
- 3) Air ambulance and medical supplies;
- 4) Flight check and weather mitigation flights
- 5) Maintenance and utility flights;
- 6) Emergency flights

## AVIATION

Only passengers with VALID documents may enter airport premises where the following shall be observed:

Wearing of face masks/shields, PPEs, etc

Checking of body temperature

Social distancing

## AVIATION

Security procedures shall be done through "NO CONTACT MEANS". This includes use of walk through x-ray machines, portable scanners, handheld metal detectors, among others.

## AVIATION

Maximum allowable hand carried bags/items shall be strictly implemented.

COVID-19 Rapid Testing facilities installed at all airports are managed by qualified healthcare providers.

## AVIATION

- All facilities in terminals should be equipped with alcohol and/or soap.
- Foot baths should be installed in all entry and exit points of the airport.
- All airport facilities and equipment shall be regularly disinfected and sanitized.

## AVIATION

- **Safety precaution posters** and other health guidelines shall be displayed at strategic places.
- **Alert bulletins** shall be shown through airport flight information display systems, and public announcements.

## AVIATION

- Digital enablers (websites/Mob Apps/On-ground Kiosk) and communication, as well as education programs through social media, shall be utilized to inform and engage with passengers.
- All arriving and departing passengers are required to fill-out **Health Declaration and Passenger Locator Forms.**

# MARITIME

Passenger capacity in ships  
and other passenger vessels  
**SHALL BE REDUCED TO 50%.**

## AVIATION

Upon entering the port premises and terminals, all individuals must fill-out **health protocol forms** and have their **body temperatures checked**.

## AVIATION

**SOCIAL DISTANCING** measures shall be strictly observed inside ports, ships, and other passenger vessels, at all times.

In port facilities, particularly areas for frontline services, **physical distancing shall be observed.**

## AVIATION

In order to maintain cleanliness and sanitation,

- **Disinfecting facilities** (e.g. foot baths, handwashing stations, and sanitation tents) will be established at all entrance and exit points.
- Ships, passenger vessels, ports, terminals and facilities, as well as various equipment will be **regularly disinfected**.

## AVIATION

In order to maintain cleanliness and sanitation,

- Information on hygiene and sanitary practices will be disseminated through different media platforms in strategic locations of the ports and terminals.

# ROAD

All permitted PUVs, transport terminals and operators must follow three essential components - SAFETY, CAPACITY and COVERAGE/SCOPE.

## ROAD

**SAFETY** refers to guidelines that **REDUCE** contact, transmission, and spread of the virus through the **MANDATORY USE** of face masks and gloves for drivers. Thorough **DISINFECTING** practices of vehicles, terminals, and even among passengers are also required.

## ROAD

- **CAPACITY** and passenger load factors will be required to ensure that physical distancing is followed.
- Passenger load for public utility buses (PUBs) and public utility jeepneys (PUJs) **SHOULD NOT EXCEED** 50 percent or half of the vehicle's capacity, excluding driver and conductor.

## ROAD

- For UV Express and taxis, passenger load **SHOULD NOT EXCEED TWO PASSENGERS PER ROW**, except for the driver's row where only one passenger is allowed.
- Tricycles must **NOT EXCEED ONE PASSENGER** in the side-car, while back riding will not be allowed.

## ROAD

- Motorcycles are PROHIBITED from having BACKRIDE passengers.
- BICYCLES and similar devices are also highly encouraged, and LGUs are also encouraged to identify bike-lanes, or bike-only roads.

## ROAD

The mode of PUV that will operate in each route will be guided by the **number of passengers** to be transported.

Order of prioritization for PUV operations:

1. Buses
2. PUVMP compliant PUVs
3. PUJ's and UV Express
4. Tricycles

## ROAD

The LTFRB has issued **special permits to allow PUVs to operate**. Drivers and operators may apply for the permit, free of charge, through LTFRB offices or by email through LTFRB's online channels.

Those who **VIOLATE** the guidelines will be **SANCTIONED** and **PENALIZED**.

## RAIL

Operations of LRT-1, LRT-2, MRT-3 and PNR will resume with LIMITED CAPACITY after the lifting of the Enhanced Community Quarantine (ECQ) imposed in Metro Manila, or on May 16, 2020.

## RAIL

Upon the resumption of operations, all rail lines will observe 1-meter **SOCIAL DISTANCING** inside the trains and stations.

Presence of markings, signages, tarpaulins and other logistics will be utilized to ensure its firm implementation.

## RAIL

The following passengers **will not be allowed** to enter the station:

1. Passengers without proper face mask;
2. Passengers showing COVID-19 symptoms or with a body temperature of 37.8°C or higher; and
3. Senior citizens, passengers aged 0-20, and pregnant women

## RAIL

**Regular disinfection and sanitation** of train interiors, station premises and facilities will be conducted. In addition, disinfectant stations will be installed to adhere to sanitary measures set by DOH.

**ANY MODE** of public transportation in areas under the extended enhanced community quarantine (ECQ), including Metro Manila, are prohibited.
